Thanks for using NR! Here we describe how we collect, use, and handle your personal data when you use our websites, software, and services (“Services”).

What & Why

We collect and use the following information to provide, improve, protect, and promote our Services.

Account information. We collect, and associate with your account, the information you provide to us when you do things such as sign up for your account, and set up two-factor authentication (like your name, email address, phone number, payment info, and physical address). We store, process, and transmit Your Stuff as well as information related to it. This related information includes your profile information.

Contacts. You may choose to give us access to your users to make it easy for you, if you’re a our website user. We’ll store those users on our servers.

This includes things like IP addresses, the type of browser and device you use, the website you visited before coming to our sites, and identifiers associated with your devices. Your devices (depending on their settings) may also transmit location

information to our website. For example, we use device information to detect abuse and identify and troubleshoot bugs.

Cookies and other technologies. We use technologies like cookies and pixel tags to provide, improve, protect, and promote our Services. For example, cookies help us with things like remembering your username for your next visit, understanding how you are interacting with our Services, and improving them based on that information. You can set your browser to not accept cookies, but this may limit your ability to use the Services. If our systems receive a DNT:1 signal from your browser, we'll respond to that signal as outlined here. We may also use third-party service providers that set cookies and similar technologies to promote NR .

NR analytics. When you use the NR analytics portion of our Services to view content, we collect information including your identifying and device information, such as email addresses, IP addresses, and device identifiers of devices you use to view the content. We also collect information on how you interact with the viewed content, such as the date and time you view the content, the number of times and length of time you view the content, and which portions of the content you view.

Marketing. We give users the option to use some of our Services free of charge. These free Services are made possible by the fact that some users upgrade to one of our paid Services. If you register for our Services, we will, from time to time, send you information about upgrades when permissible. Users who receive these marketing materials can opt out at any time. If you don't want to receive a particular type of marketing material from us, click the 'unsubscribe' link in the corresponding emails, or update your preferences in the Notifications section of your personal account.

We may also collect information from you if you interact with NR representatives at an event, download marketing or educational materials from our website, or contact a NR representative. We may use the information you provide to send you additional marketing materials. We sometimes contact people who don't have a NR account. For recipients in the EU, we or a third party will obtain consent before reaching out. If you receive an email and no longer wish to be contacted by NR, you can unsubscribe and remove yourself from our contact list via the message itself.

To the extent we process your personal data for other purposes, we ask for your consent in advance or require that our partners obtain such consent.
